Education and Certifications

SANS Technology Institute, North Bethesda, MD Expected Graduation: June 2027
Bachelor of Science, Applied Cybersecurity [GPA: 4.0]

The University of Texas at Austin, Austin, TX August 2023 - February 2025
• GPA 4.0 - University Honors

Santa Monica College, Santa Monica, CA August 2022 - June 2023
• GPA 4.0 - Highest honors

GIAC Certifications: GIAC Foundational Cybersecurity Technologies (GFACT), GIAC Security Essentials (GSEC), GIAC Certified Incident Handler (GCIH), GIAC Python Coder (GPYC), *GIAC Certified Forensic Analyst (GCFA) *in progress*

Skills

Technical: Networking, Web application enumeration, Cryptography, Digital forensics, Threat detection, Incident response, Security frameworks, Defense-in-depth, Memory forensics, Password attacks, Malware investigations, Log analysis

Programming/Scripting: Python, Powershell, SQL, Metasploit, Netcat, Nmap, Wireshark, SQLmap

Hardware/OS: Linux, Windows, Active Directory, Containers, Virtualization, Cloud platforms

Work Experience

LRQA, Birmingham, United Kingdom September 2026 - February 2027
Associate Security Consultant

- Participated in many penetration tests, from kick-off call to delivery, in mobile, web apps, APIs, and infrastructure tests.
- Developed VKBs for local AI pentest tooling in order to help streamline testing automation.

UT RecSports, Austin, TX January 2024 - January 2025
Lifeguard

- Maintained CPR, AED, and First Aid certifications while participating in regular emergency response drills.

Cyber Projects and Experiences

NSA Codebreaker Challenge 2026 - 12th student to complete the full challenge.

SANS Core Netwars 12, Amsterdam 2026 - 2nd place and qualification to the SANS Tournament of Champions in Washington, DC.

National Cyber League (NCL) Spring 2026 - 1st place out of 170 in the team contest (experienced bracket).

- Completed all web app exploitation and cryptography challenges for the team.

NSA Codebreaker Challenge 2025 - 1 of 82 students to complete the full challenge.

- Tasks involved network forensics, memory forensics, reverse engineering, cryptography, and a custom Android app exploit.

National Cyber League (NCL) Fall 2025 - 2nd place out of 617 in the individual contest (experienced bracket).

- Completed all challenges (forensics, web, log analysis, OSINT, rev, scanning, crypto, password cracking, and wireless).

Research at UT Austin

Childebayeva Lab, High-Altitude Adaptation study: Worked with Professor Childebayeva to identify genetic selection trends using R.
Intro to Microbiology, Antibiotic Discovery study: Presented research on soil microbiome at the University of Wisconsin-Madison.

Honors and Awards

- SANS Institute Scholarship, October 2025 - A \$4,500 scholarship for completing all 7 tasks in the NSA Codebreaker 2025.
- SANS Institute Scholarship, April 2025 - A \$4,500 scholarship for high performance in the National Cyber League.
- Duke of Edinburgh Bronze Award, June 2019 - Awarded for volunteering, physical exercise, and practical skills.
